INSTRUCTIONS

(Incomplete or illegible forms will be returned.)

Please Note: It is **REQUIRED** that the following form be returned in order to be eligible to renew your **FEDERAL PERMIT APPLICATION FOR VESSELS FISHING IN THE EXCLUSIVE ECONOMIC ZONE (EEZ)** to the following address: NOAA Fisheries Galveston Laboratory, Attention: Rebecca Smith, 4700 Avenue U, Galveston, TX 77551. If you have a question regarding the form, please call (409) 766-3783 between 8 am - 4:30 pm CST.

QUESTION 1 Enter the year that you purchased or leased the vessel, regardless of whether it was new or used at the time.

QUESTION 2 For part a, indicate whether the vessel was **most frequently** operated by the owner or someone other than the owner (a hired captain) in 2019. For part b, indicate the number of crewmembers **typically** on board during 2019, including the captain.

QUESTION 3 Answer 'yes' if the vessel was used to shrimp in Federal waters of the Gulf of Mexico even **one** time during 2019.

QUESTION 4 Indicate the **total** number of days at sea and the number of trips for this vessel in the Gulf of Mexico shrimp fishery during 2019 (including from bays, bayous, State inshore and offshore waters, or Federal waters). For example, if the vessel took 10 trips and each trip lasted 10 days, then the **total** days at sea for 2019 would be 100.

QUESTIONS 5 – 11 Indicate the characteristics for the **one** primary gear type **most frequently** used on this vessel in 2019. Also provide the characteristics of the try net used with this gear type.

QUESTIONS 12 - 13 Indicate the one BRD type most frequently used on this vessel in 2019.

QUESTIONS 14 - 26 Indicate and provide additional details for the **one** TED type **most frequently** used on this vessel in 2019.

QUESTION 27 Indicate all types of ELECTRONIC equipment that were on-board this vessel in 2019.

Through this form, NMFS is collecting information from all federally permitted shrimp vessel owners/operators on fishing vessel and gear characteristics in the Gulf of Mexico Exclusive Economic Zone (EEZ) shrimp fishery. The data collected are currently being analyzed by NMFS economists, gear specialists, and fishery biologists to improve fishery management decision-making in this fishery. This information is vital in assessing the economic, social and environmental effects of fishery management decisions and regulations on individual shrimp fishing enterprises, fishing communities, and the nation as a whole.

KNOWINGLY SUPPLYING FALSE INFORMATION IS A VIOLATION OF FEDERAL LAW PUNISHABLE BY A FINE AND/OR IMPRISONMENT.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to Rick Hart, NMFS, Fisheries Management Branch, 4700 Avenue U, Galveston, TX, 77551.

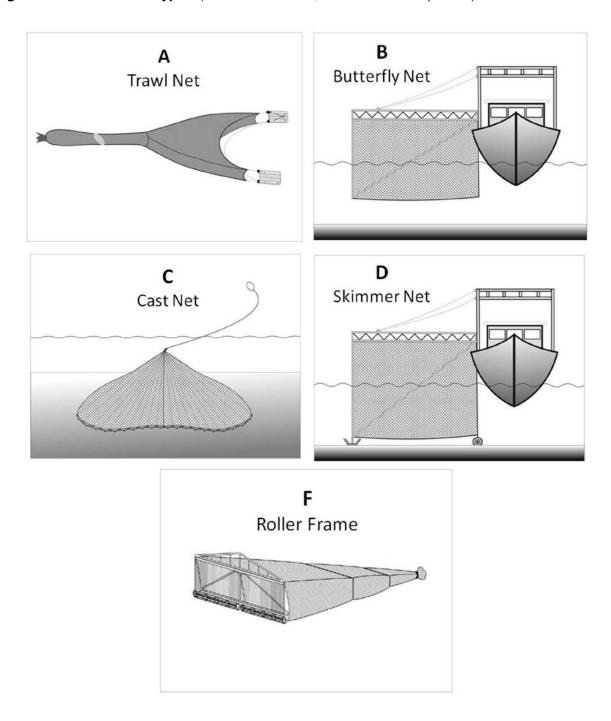

All data submitted will be handled as confidential material in accordance with **NOAA Administrative Order 216-100**, **Protection of Confidential Fishery Statistics**. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
